## MILLION DOLLAR WHY™

**Find Your Million Dollar WHY:** Most significant changes we decide to make in our life & career come from a bigger, more meaningful “WHY”. People naturally resist change unless their WHY or their vision is more powerful than their current circumstances. Don’t rush this,

as your “WHY” is your fuel that you will need to overcome your natural resistance to change. There are no right or wrong answers, as they are based on your personal desires and life / career goals.

First, rate your desire to increase / improve each of the following on a scale of 1 to 10, 10 being the most desire:

Then write your explanation or your “WHY” you ranked them as you did. Do your best not to rank more than 2 with the same score. When you write your explanation on the right, make the statement in the format similar to “I want more (CATEGORY) because it will give me more (DESIRE). The goal is to discover the more core desires that money, time, freedom, etc. will do to improve the quality of your life and career. Write your explanation using action words like “have” “do” “be” become” “achieve” etc.
